Selectmen's Meeting

OCTOBER 1, 1985 - by VIRGINIA ARRAL

DELAY DECISION ON BURNING HURRICANE DEBRIS

Fire Chief Donald Wood asked Selectmen last Tuesday if they wanted him to authorize the burning of trees and brush accumulated from the hurricane. Wood said the state has given permission to towns to burn the debris.

The chief stressed there would have to be someone in authority to supervise at a specified area for burning, yet to be determined; this could play havoc with the payroll. "If we ignore the issue and other surrounding towns do it, we may get criticized," Wood said.

Selectmen, however, agreed to wait to see if the chief gets a lot of calls to burn trees and shrubs and to authorize the burning if the chief recommends that the action be taken.

In other business, Selectmen:

EXTOLLED the Fire and Police Departments and all town departments for their cooperation in working smoothly together before, during and after the hurricane. Chairman John DeCosta said the Fire Department's Ladies' Auxiliary served coffee to ComElectric workers on Saturday.

ComElectric sent compliments to the town for having 90 percent of its fallen trees cut away from the wires. DeCosta said the Highway Department had eight crews out clearing trees from streets, making them passable.

ACCEPTED WITH REGRET the resignation of Patrolman Arthur S. Braley III. It was noted Braley lives in Onset and has been hired by the Wareham Police Department.

At the recommendation of Police Chief James Moran, Kevin Paulsen, who lives in New Bedford and is presently a part-time officer, was appointed a full-time officer to replace Braley.

Louis Bertrand, 62 Brandt Island Road, was appointed a part-time patrolman.

AGREED TO WRITE A LTTER to Middleboro Board of Selectmen saying "our standing is clear" and informing them this board prefers to work out their current contract matters with SEMASS officials rather than pursuing litigation.

The board felt the court litigation to seek a Declaratory Judgement on the question of the town's obligation to pay the acid gas control costs under current contracts was "premature".

HELD A PUBLIC HEARING on Costa's Family Restaurant, 64 Fairhaven Road, to change the name of owner and manager and granted an all alcoholic/common victualer's license.

Frank Costa explained the name of the manager would be changed from Peter Mendell to Frank M. Costa and the owners from Spinnaker, Inc. d/b/a Sailaway Restaurant to Spinnaker, Inc. d/b/a Costa's Family Restaurant. The hearing is necessary to conform to ABC requirements, Selectmen noted.

GRANTED ABATEMENTS to persons who owe a small amount for use of the town ambulance. Selectman James Huntoon said to take their losses and start with a new slate.

The board noted the sum of $10. each to take the cases to court is not really worth the trouble. Secretary Elaine Sylvia said not all the debtors are Mattapoisett residents, but that all the runs were made from

Elaine Sylvia Resigns

STORY AND PHOTO by VIRGINIA ARRAL

Elaine Sylvia is seen at the copy machine at Town Hall as she prepares to make copies of letters read at the Selectmen's meeting as she has cheerfully done each Tuesday night for the past five years for members of the press. We, too, will miss her and are grateful for her cooperation.

After being honored at many small parties for the past two weeks given by friends and fellow workers, Elaine, who recently resigned as secretary to the Board of Selectmen, completed her last day last Friday.

Elaine won't be going too far from home as she began her new job Monday as secretary to "Chippy" Chase of the Donald Chase Construction Company of Mattapoisett.

Last Tuesday the Board of Selectmen expressed sadness at her leaving and wished her good luck and happiness, each saying they will miss her sense of humor and her dedication to her job. Elaine said it has been a pleasure to work with Carol Adams, the selectmen's executive secretary, all the

Oman Price "Retires"

STORY AND PHOTO by VIRGINIA ARRAL

Oman Price, who for 40 years served as a voluntary special policeman in the Point Connett section of Mattapoisett, termed his duties as "part peacemaker", "part handyman" and "part policeman".

Price recently relinquished his duties because of action taken by the Board of Selectmen July 30 when, at the recommendation of Police Chief James Moran, the special policeman category was eliminated unless certain requirements were met. Among them was the necessity to pass EMT training. Without this the chief said the town would be open to law suits without trained personnel. Price commented that "at this point in my life I didn't want to take on this type of training".

On September 24 the Selectmen presented Price with a certificate of appreciation for his years of dedicated service to the town. Price said this was the first certificate of appreciation he had ever received

HOME OF EDIE'S HANDCRAFTED BASKETS

The special policemen in the remote sections of town, especially along the beach areas, were given that designation to keep an eye on property in the 1940's when Selectmen Lester Crampton, Manuel C. Linhares and Enos Everett Eldridge appointed these "caretakers". There was a need for their services then, Price explained, because the police didn't have the time or the manpower to cover them. In the early 1940's one member of the police department was still using a motorcycle to get around town, said Price.

Price's 15 Highland Avenue homesite in the center of Point Connett is where neighbors have turned to him over the years for various and sometimes unusual reasons. One includes the time he received a call in the middle of the night to assist a woman whose husband had just died and to stay with her until the undertaker arrived. Another was in his capacity as peacemaker when he settled many noisy parties and some noisy youngsters rather than bother the regular police department. As a policeman he had to chastise a woman for allowing her two youngsters to ride flat on her car through the roads.

Many times Price said he has been called upon to repair roofs damaged by storms. Even as we spoke he was preparing after the hurricane Gloria to load up his car with a lad-

der and roofing shingles to repair a damaged roof. His wife, Irene, poked her head out the door to see if he had left for his chores and to say hello to this reporter.

Retired in name only, from Revere Copper and Brass after 41 years in their employ, Price is far from retiring in his actions around town. Friendly, amiable and willing to help all who seek him out, he continues to serve as caretaker for about 40 of the homes on Point Connett and in Fairhaven when the residents are away. He has also been an active realtor for many years.

Even though he has a permit to carry a firearm, Price said he never had to use it. "Nothing ever got that rough here", he said. "Once I carried my gun when a woman called saying she thought there was a prowler around her house -- it turned out to be a rat."

In the aftermath of the hurricane, Price reminisced on the 1944 hurricane when he served as a major in the 2nd Battalion of the State Guard in charge of Fairhaven, Acushnet, Mattapoisett, Marion and Wareham, protecting the homes from looters. At the time the present Mattapoisett Inn was the Bay View Hotel and Abner Harlow, town clerk at the time, set up shop there and gave out passes to owners to get to their houses after the storm, but first checked to see if they had paid their taxes.

"Things were different then. The town is changing and growing all the time, and you will see a lot more changes in the future in town personnel," said Price. "I'm glad I was a part of that growing period and will still do my part when I am needed because this is a great town."

They have not as yet set a new date.

Those of you who joined us for the Lowell big bus trip, re-scheduled for last Wednesday, enjoyed a fine and very educational trip with trolley rides and boat rides on the Pawtucket Canal and visits to the Boott Mills and Mill houses where the Mill Girls were boarded. The restorations

The Truth Behind the Headlines.

There's been a lot of talk about scrambling of satellite services, so much talk that it's hard to know for sure what's really happening.

So what's happening?

The truth of the matter is that leading cable services will be scrambled. HBO has begun testing scrambling during the day. Many other popular services, including SHOWTIME, THE MOVIE CHANNEL, CINEMAX, and WTBS, CNN, USA NETWORK, MTV, and ESPN, have announced plans to scramble.

If you are a cable suscriber, scrambling will not affect you. You'll continue to have a wide selection of quality programming and receive quality service.

However, satellite dish owners will only be able to view scrambled program services *if* they choose to purchase a decoder (estimated price $400) and pay a monthly programming fee.

If you have access to cable television, there is no initial costly investment in equipment that might become obsolete. With cable, there is no charge for service calls, no charge for damage repair, no charge for site surveys or equipment adjustments. With cable, you are serviced by a community based company that takes very seriously the principle that *quality service and subscriber satisfaction is our business*.

Consider cable television and its wide assortment of programming at affordable prices. There are no hidden costs. Compare this to satellite dishes and the uncertain future of programming availability.

Then decide for yourself what the truth is behind the headlines.

This is the second and last of two Flu Clinics the Board of Health has held this year.

The Public Health Service recommends annual immunization against influenza for the following groups of people:

1. Persons in the older age group particularly over 65 years of age.
2. Persons in nursing homes or convalescent homes, rest homes, and other facilities where elderly people may be residing.
3. Persons of any age who have chronic diseases, such as cardiovascular, pulmonary, renal or metabolic disorders.
4. Vaccination is also recommended for persons who provide essential services or who may be at an increased risk of exposure.

If any homebound resident would like a flu shot, please call Ellen Boyd, Public Health Nurse, during her office hours Mondays and Thursdays, 9:00-11:00 a.m., at 758-6526, or the Town Hall Monday through Friday, 8:00-4:00 at 758-3758 to arrange

Events Scheduling

COMMUNITY CALENDAR

Has your organization ever scheduled a money-raising event and found out at the last minute that some other town event was scheduled for the same night??

NOW, you can help prevent just that. The Mattapoisett Town Hall maintains a COMMUNITY CALENDAR. Just call in to the Selectmen's Office, 758-3758, and register your group's activity. The event and date will be noted on the calendar. If EVERYONE registers their events, this will prevent two or more events being scheduled on the SAME DAY.

This COMMUNITY CALENDAR will be posted on the bulletin board inside the Town Hall, so that your organization may view it at any time that the Town Hall is open.

Here's how
Chiropractic treats
Whiplash

"Whiplash" is not a specific injury or disease in itself. It is a type of injury which comes from a sudden, shocking movement which snaps the body with force. It causes a variety of injuries to the neck and upper spine.

The doctor of chiropractic is uniquely trained to deal with problems of the spine and nervous system. Modern chiropractic manipulative techniques are directed specifically to eliminate the causes of pain and malfunction. Early detection and correction of a whiplash problem can eliminate related symptoms and effects.

The Quilters' Group completed its quilt project in the pattern of "Grandmother's Flower Garden", a king-sized, fully hand-sewn comforter comprised of approximately 2500 pieced hexagons. The quilt will be on display at club meetings through December with raffle tickets available.

Meetings will take place on the first and third Tuesdays of the month, 9:30 a.m. to noon at the home of Mary Callan. Members will continue to gather ideas and information regarding a new group project to be decided in the next few meetings. Meanwhile each will work on individual projects.

Not to downgrade the Brownell Boat Works performance, but I feel that the Mattapoisett Boat Yard deserves recognition for hauling 100 boats in preparation of the last storm.

TO THE RESIDENTS OF PINE ISLAND ROAD:

If you remember back in March of this year we submitted a petition to the Selectmen requesting speed limit signs and better surveillance for our street. In case you're wondering...various surveys and paperwork have to be completed before we hope to see any signs up. Much of this work used to be done by the State and must now be fit into the busy schedules of our local officials. A similar proposal for Park Street has been submitted to the State and evidently there are only a few steps left before the request for Pine Island Road is to be presented. At least we'll have action on this before NEXT summer's peak traffic!

The principal, Donald Murphy, has announced that Jeff will receive a Letter of Commendation in honor of outstanding academic promise, demonstrated by placing in the top five percent of over one million participants in the 31st annual National Merit Scholarship Program.

An officer of NMSC, which administers the program, stated that, "Being named a Commended Student in the extremely competitive Merit Program is a credit to these young men and women and to their schools, which play an important role in the development of academically talented youth. The high test performance of Commended Students is indicative of exceptional scholastic ability, which is essential in a nation that prides itself on cultivating individual ex-

cellence. We hope the honor these students have earned will provide motivation for them to use their talents to the fullest and also will serve as an example for other aspiring young citizens."

Participants entered the current Merit Program by taking the PSAT/NMSQT in October 1984, when most of them were juniors. Although their qualifying test scores are very high, the 35,000 Commended Students nationwide scored slightly below the level required for Semifinalist standing. Only 15,000 Semifinalists, whose names were announced on September 11, will continue in the competition for some 5,800 Merit Scholarships to be awarded in 1986.

Jeffrey is the son of Mr. and Mrs. Robert Humphrey of Mattapoisett. He graduated from ORR in June of 1985 having successfully completed his program in three years. During his last year in high school, Jeff took advanced Calculus courses at Brown University. Jeff was a member of the Math Team and named to the Atlantic-Pacific Math League. He received awards for English, Biology, American History and Math. He also received a Calculus League, State Math Olympiad Award, a New England Math League Award and National Science Olympiad Award.

Coming to Zeiterion:

FIRST OF DANCE SERIES PERFORMANCES

The Dayton Contemporary Dance Company of Dayton, Ohio will perform at the Zeiterion Theatre on Friday, October 11th, for an evening of classical ballet, foot-stomping jazz, slinky blues and some deep rooted soul.

The first black dance company to be accepted into the National Association of Regional Ballet, DCDC is a dream come true for Artistic Director Jeraldyne Blunden. In 1949 it was apparent there was a need to provide dance exposure to the black youth of the area. In response to this need, Josephine Schwarz of the Dayton Ballet set up classes for prospective black artists. As the school developed and gained more interest, enthusiasm grew. In 1960 Jeraldyne Blunden took over the classes with the idea of creating a black dance

company and in 1968 DCDC was born.

One of only two black dance companies in the National Association of Regional Ballet, DCDC is the oldest black company in the region and Ms. Blunden the only black woman to have founded a dance company in Dayton. The company continues to seek out the black classics in the field of dance and by adding these to their repertoire they have managed to preserve some of the greatest works of black choreographers.

The ideal of DCDC remains the same however; to cross geographic, racial, religious and cultural boundaries between people and to accentuate the common bonds that exist between all peoples. Their highest goal is to establish and maintain a world-wide reputation as a professional dance company in the fields of jazz, ballet and modern dance while preserving and creating choreography of the highest quality.

Betty Dietz Krebs of the Dayton Daily News states, "It's beginning to look like harvest time after all the years of seeding and preparation...Blunden's company is growing up, becoming a company to be reckoned with." Of their performance at Lincoln Center, where DCDC was only the second out-of-town company to be invited to perform a full, solo concert, The New York Times reported, "...a group of dancers who were well rehearsed and full of zest", and the New York Daily News said, "Dayton Contemporary Dance Company...sassy, sophisticated... completely self-confident".

SATURDAY YOUTH THEATRE FESTIVAL OPENS WITH BOSTON BALLET II

On Saturday, October 12th, Boston Ballet II will perform two shows, at 10:30 a.m. and 12:30 p.m., as the first performance in the Saturday Youth Theatre Festival at the Zeiterion Theatre.

The Boston Ballet II is a talented company of 16 young professional dancers who have been selected from the students at the Boston School of Ballet's International Summer Dance Program. Students for the Summer Dance Program itself are selected by the Ballet's artistic staff during an intensive year long audition period and are among the 250 most promising dance students chosen from throughout the United States, Canada, Mexico, and Europe.

The most gifted of these young dancers have, in the past, gone on to join such prestigious dance companies as the Boston Ballet, the New York City Ballet, the Joffrey Ballet, the Frankfort Ballet and the Baltimore Ballet.

Geared toward youngsters, the performance will include selected pieces from their repertory that are best suited for children, along with short introductory demonstrations, giving the audience a genuine feel for the preparation and actual performance of a selected dance.

The Saturday Youth Theatre Festival continues on November 23rd with Pinocchio,

ASTRONOMY NIGHTS

"WHAT AMATEUR ASTRONOMERS DO" will be the topic of the October 12th Astronomy Night at the Children's Museum in Dartmouth. Gerry Dyck, a music teacher in Dartmouth and the Museum's astronomer for five years, will begin the slide show and talk at 7:00 p.m. At 7:30 telescopes will be available for sky-viewing of planets, galaxies and star clusters. Mr. Dyck will also give an update on the progress of Halley's Comet.

Mr. Dyck will speak about what he does as an amateur astronomer. "I do it for pleasure but also for scientific research," he said. Through his home-built telescope he observes and records changes in 50 variable stars 3 or 4 times a month. This information reaches scientists through the American Association of Variable Star Observers.

Mr. Dyck's interest in astronomy began when as a child he built telescopes with his father. He enjoys sharing his enthusiasm for astronomy with young people

"THE EXERCISE", A POWERFUL ADULT DRAMA STAGED BY THEATRE ONE PRODUCTIONS

Theatre One will be presenting "The Exercise", a gripping and completely fascinating portrait of a man and woman trapped in an unreal and yet hauntingly real world, both at the same time. They are actors, caught up in their hate-love game, standing on a bare rehearsal stage living out their fears and their fantasies with almost uncontrollable vengeance. Desperation demands they play on.

It is a desperate struggle for them ... but a struggle which, in the end, purges them of the nagging repressions and fears which have poisoned their psyches, leaving them free at last to face...and know... themselves and the world to which they must relate. "Very powerful, intelligent and moving theatre" - Long Island Press.

"The Exercise" will open October 24th and continue October 26th, 26th, November 1st, 2nd, 8th and 9th at 8 p.m. at the Grange Hall, Route 105, North Main Street in Mid-

Children's Theatre Workshop

"PUSS 'N BOOTS" AND "RAPUNZEL & THE WITCH" STAGED BY TOP's CHILDREN'S WORKSHOPS

Theatre One's Children's Workshop will stage "Puss 'n' Boots" October 12th and 13th, and "Rapunzel & The Witch" October 19th and 20th at the Grange Hall, Route 105, North Main Street in Middleboro. Show times are: Saturday, 11:00 a.m.; and Sunday at 1:30 p.m. Price is $3.00 for adults and $2.00 for children.

"Puss 'n' Boots" is an amazing tale of a remarkable cat. Christophe, the miller's son, deprived of his rightful inheritance, is left nothing but a pet cat....but puss proves to be a valuable property, for through his daring antics, he contrives to have his master made a marquess, makes it possible for him to win a princess for his bride, and finally disposes of the wicked enchanter.

"Rapunzel & The Witch" is a dramatic and suspenseful telling of this tale. Rapunzel is brought up by a witch, who had taken her away from her real parents at the time of her birth. Unaware of her real parentage, she retains enough human instinct to resist the witch's spells, and earns the love of others who have fallen under the witch's enchantment. For this she is exiled to a lonely tower. A young prince happens on the

DUTCH JOIN PILGRIMS FOR HARVEST FEASTING

Bountiful feasts, military displays and political discussions will highlight the three days of harvest celebration when the Dutch from New Amsterdam visit the 1627 Pilgrim Village at Plimoth Plantation October 12, 13 and 14.

Isaack DeRasieres, the secretary of the Dutch colony, and his men will arrive at at the Pilgrim Village at 11:00 on Saturday morning, October 12. Trumpets and a musket salute will sound the Dutch arrival and Governor William Bradford will formally greet them. Speeches and gifts will be exchanged.

Plimoth Plantation will re-enact the arrival of DeRasieres who visited the English colony in 1627 to discuss trade arrangements and military alliance.

The traditional harvest celebration, marking the end of a successful growing season,

is the forerunner of the modern Thanksgiving holiday and a major event at the living history museum.

The Pilgrims will show the Dutch outstanding English hospitality with a bountiful feast, singing, military displays, and games of pillow bashing, running the quintain, and tug-o-war. Visitors to the Plantation may take part in pike drills and join in the games.

Pilgrim women will spend each morning preparing the harvest meals. Served outdoors, the first course will feature roast goose with oat pudding, roast duck, sallet, venison pasties, sweetmeats, and fine bread. Second course will include chicken, stewed pumpkins, roast pork with mustard sauce, corncakes, rabbit and furmenty. Visitors will be invited to sample the fine bread. Some Villagers will feast at 12:30 p.m., others at 2 p.m.

The Dutch will tour the Pilgrim Village and visitors can listen to discussions between DeRasieres and Bradford. Bradford will announce the result of the negotiations to his community on Monday afternoon. The guests will leave late Monday as a musket volley marks the end of the historic visit.

In addition to seeing authentic English clothing of the period, visitors will see the upper class Dutch more richly adorned in "the latest" styles.

Review: Amadeus

by DAVID B. BOYCE

Bill Begley's performance as Antonio Salieri is the first reason to see the S.M.U. Theatre Company's opening production of their 19th season. Peter Shaffer's riveting play is the second reason. As a depiction of jealousy engendered by genius, Shaffer has crafted a positively brilliant theatrical vehicle, always captivating, intriguing and challenging.

Antonio Salieri was Court Composer for His Majesty, Joseph II in late 18th century Vienna. Into his comfortable existence enters the prodigy of Wolfgang Amadeus Mozart, a bombastic fool, but touched with the inspiration of none other than God, Himself (or Herself, depending on your preference).

Mr. Begley is stunning. He carefully constructs the mounting frustration of Salieri, realizing as he does, that Mozart is light years ahead of him, creatively, yet years his junior. His gnashing jealousy grows more mountainous as he plots to squash the remarkably absurd, but profoundly gifted young composer. Begley whimpers, whines, thunders and bellows to the God he feels to be his enemy, his nemesis. Mozart is only the conduit, a mere pawn in the battle Salieri's deteriorating mind perceives being waged between himself and God. So subtly nuanced, so vocally adept, so physically right is Mr. Begley's performance that he elicits the best from his supporting cast. This rare phenomenon makes the S.M.U. "Amadeus" eminently watchable.

Peter Michaud, as Mozart, has the spark of the enfant terrible. His casual, even flippant attitude in the presence of royalty is well drawn, constrasting with the stirring driven urges of his creativity. Mr. Michaud, however, needs to achieve a greater ease on stage, more naturalistic

movements, more artful gestures. His emotional unit transitions are clear and effective and overall his performance is a good foil for the unspeakably nasty Salieri.

In supporting roles, and strongly so, are Bruce W. Lackey as a marvelous Count Rosenberg. Mr. Lackey exhibits how a character actor best contribues flavor to a production. Likewise, Ray Shaffer as Joseph II, Steven Smith as Johann Von Strack and Sheryl Ann Marciano each reveal character studies which forward the plot and enhance the production, though some regional accents serve to remind us of our locale.

As "The Venticelli", two bird-like servants who inform Salieri of every new development in Mozart's crumbling life, Scott Friars and Charlie Dyer are the embodiment of smarmy gossips, eager to please the baser instincts of their master.

The S.M.U. Theater Company has risen to a difficult challenge with "Amadeus" and because of Mr. Begley's performance, Mr. Shaffer is well-served. Here is a situation in which a mature performer elevates an entire production above the label of "student production". The students are talented, no doubt, but director Angus Bailey

Vovcsko's program is entitled "Young America in Songs and Stories". He will take particular advantage of the major seasonal exhibit, "Young America: Children and Art", which remains open to the public until October 26.

A storyteller, magician and folksinger, Vovcsko will perform combining his talents with a bit of magic to capture the minds of his young audiences. He has appeared at the Children's Library of Boston, as well as libraries, museums and bookstores in Vermont, New York and Massachusetts. Vovcsko has delighted adults as well as children at festivals, in schools and on radio throughout New England. As a storyteller, Vovcsko shares tales from a variety of diverse sources: West African Folk Tales from Appalachia, Middle European Folklore and children's chants and game songs.

The Pipe Bands were originally scheduled to perform at the Museum in August but the performance was cancelled because of rain. The Pipe Bands have become a tradition. From the minute they assemble at the Main Gate and march through the grounds, visitors are caught by the unique sound of the bagpipes.

The Clan Sutherland features 18 pipes and 6 drummers. They have won several competitions in this country and Canada, where in 1976 they placed third in the International Championships in Toronto with many bands from Scotland and Canada. The band is from

The colorful Highland Light Scottish Pipe Band returns again from last summer. The Cape Band actually evolved from a highly successful adult education course offered at D-Y High School. The course was organized by Bill Brittain and Bruce Cameron Williams who are pipe enthusiasts and players.

Band members wear regimental dress for parades. This consists of kilts and khaki shirts with sporrans worn on the front of the kilts of subdued blues and greens. This is the hunting tartan of the Stewart Clan which makes the wearer less visible in the woods. The sporran is a pouch or pocket made of horsehair. Pipers wear glengarry caps decorated with cock feathers. The pipes themselves are colorful with tassels tied to the end of the drones.

The Highland Light Band has 17 members ranging in age from 13 to 65, while the Highland Light Scottish Society has over 500 members.

Membership, as well as admission tickets to the Museum for the day, will be honored for these performances and will include admission to all the Museum buildings, exhibitions and grounds. Tickets are $5. for adults, children under 13, $2., five and under are free. The Museum encourages families to enjoy a picnic lunch in the

Jewish cowboys, gamblers and sheep ranchers in the old wild west will be the subject of a lecture at Southeastern Massachusetts University on October 9th. Renowned editor and author Dr. Kenneth Libo will describe the "thrilling saga of the Jews who conquered the American West" and how they earned their rightful place in the history of the pioneering of this continent.

Sponsored by SMU's Center for Jewish Culture, the lecture/discussion will take place at 7:30 p.m. in the Recital Hall of the College of Visual and Performing Arts (Group VI) Building.

Libo is a former editor of the Jewish Daily Forward and co-author with Dr. Irving Howe of "World of Our Fathers" and "We Lived There Too: A Documentary History of Pioneer Jews and the Westward Movement of America, 1630-1930". A Dartmouth College graduate with a Ph.D. from the City University of New York, he has written for numerous popular and scholarly publications including The Saturday Review and American Jewish History.
